Subject: Agenda item for next 35th Avenue meeting

Good morning Anita,

Please add the following agenda item to the next 35th Avenue Site meeting:
ATSDR PAS - Release of the lead, arsenic and PAH health consultation.

I am partnering with EPA to determine when to hold the meeting, and which EPA groups (RCRA, Water, Air etc.) will participate in the meeting. We would like to present the proposed PAS plan at the team meeting.

Sue Casteel
